## 01/21 Public Open Forum (under adjournment)

Buckinghamshire Council Cllr A Bond gave his report to the meeting. The Odeon Cinema has been opened as a Covid 19 vaccination centre. He had attended a meeting in Watermead, where a suggestion had been made regarding extending the scooter hire scheme to Weedon village, he said if it was extended to Weedon village it may lead to funding being made available for a better-quality cycleway on the A413 to Aylesbury. The Chair said that the Parish Council would have to discuss the implications of this suggestion and consult with the residents to see if there was an appetite for the project, in the village.

The members discussed with residents DB, MW & RN the effect the intensity of lamp 3 is having on them. AD assured the meeting that it was not a 'blue light', he agreed that it was bright for the area which it had been placed, being a very narrow street. He explained the driver is 3 stage dimmable. Therefore, full power could be reduced to 9 watts, dimming to 5 watts through the night and back to 9 watts before daylight. Regarding the spread of the light, a vinyl blackout ring could be placed around the top of inside of the bowl, shielding nearby first floor windows. Timing was discussed and the residents supported these suggested solutions.

GF asked for a new dog bin for the village, sited at the top end of the Aston Abbots Road or East End.

The Chair closed the Open Forum and started the meeting.
